Project Title: Spirited Away Website

This website will have multiple pages. Navigation will be across the top, allowing users to explore different aspects of Spirited Away. The site will focus on storytelling, themes, and the film's visual world by using imagery and structured sections to explore the movie from different facets.

Home Page/Introduction

Introduce history of Spirited Away and its core premise. Brief overview of Chihiro's journey into the spirit world and the central idea of transformation and self-discovery.

Story / Plot

Summarize the narrative in key stages, including Chihiro entering the spirit world, working in the bathhouse, facing challenges, and ultimately returning home. Organize the story into clear sections rather than one long summary.

Characters

Introduce major characters such as Chihiro, Haku, Yubaba, No-Face, and Lin. Highlight their roles and how they contribute to Chihiro's growth throughout the film.

Themes & Symbolism

Explore key themes such as identity, growing up, greed and consumerism, environmentalism, and spirituality. Include symbolic elements like the loss of Chihiro's name and the transformation of her parents.

World & Setting

Describe the bathhouse and spirit world. Focus on the visual design, cultural influences, and how the setting reflects both traditional and modern elements.

Production & Music

Provide background on the film's creation, including Miyazaki's inspiration and animation process, as well as the role of Joe Hisaishi's music in shaping the film's atmosphere.

Reception & Impact

Highlight the film's success, awards, and lasting influence on animation and global audiences.

Sources

List references such as the Wikipedia article, images, and any additional credits.
